TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.

2. Applicant is given **one month** or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other: The amendments recite reference characters that are enclosed within brackets. Reference characters should be enclosed with parentheses. (See MPEP 608.01(m)). Alternatively, the characters should appear within double brackets if it is desired to delete the characters. It is preferred that the reference characters be deleted as the characters have no patentable weight. In addition, a clean version of the claims were submitted with claim numbering which appears to be in error as they range from claims 32-34. Applicant must clearly indicate such a submission was in error and that only claims 29-31 are currently pending. In addition, for claims 29 (lines 21-22) and 31 (lines 23-24), there is a grammatical error and the following corrections should be made: "wherein said averaging resulting averages in which" should be amended to --wherein the averaging results in averages in which-- .
